LED SONAR

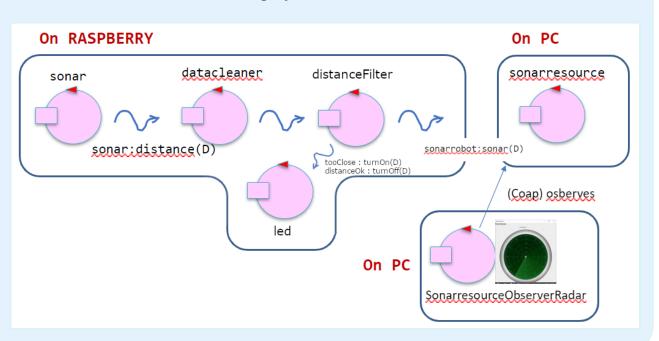

Introduction

Our motto:

there is no code without a project, no project without problem analysis and no problem without requirements.

Observations

Just an overview of the Led-Sonar project architecture:

Implementation

The implementation of the Led-Sonar project can be found in the directory **it.unibo.ledsonar** in the GitHub repository https://github.com/gianlu598/soavigianluca.git

By studentName email: gianluca.soavi@studio.unibo.it
